“ IEA Youth Chapter had a lot of space for you to unleash your potential. You may turn your ideas into potential project.

We did organized nation and worldwide events for example business learning trips, CEO interview, Entrepreneurship Conference, team building activities, business internships, business plan review and competition and IEA Outstanding awards and recognition.

Through organizing these activities, i am now able to handle multiple task within the timeline, confident to take up challenges and think positively.

We are now expanding. Be the TEAM LEADERS, help more people to success... YOU SHOULD THINK OUT OF THE BOX. YOU ARE THE ONE, BE PART OF US.
